

September 1, 2021

Hello YTC Family!

I hope this email finds you happy and healthy, and you were able to re-connect with loved ones, travel and overall have an amazing summer!

As you know, YTC was closed for the summer season. We missed you all and are excited to feel your energy back in our building and have some fun on court! With that, *our 51st season officially begins on Monday, September 20th*. Slightly later than prior years, we feel it will extend everyone's outdoor play, offer our coaches a chance to take a much-needed break in between seasons and give everyone time to get settled into their fall routines.

In regard to Covid-19 and its variants, we are monitoring the situation and as you know, things are changing daily. The new Governor is doing a great job at setting the tone in NY. We are, however, waiting to see if any mandates are instituted at the state and/or local level in the next week before releasing our policies. Please continue to trust us, knowing that the safety of our staff and customers remains our #1 priority. We will send an email with updates no later than September 10th. If conditions warrant and we need to adjust in season, we will do so and update everyone accordingly. We don't expect anything to change drastically from last year's familiarity so with the luxury of starting on September 20th, let's give it a little more time.

We are proud to report that all our staff, from management to the maintenance crew, are fully vaccinated and all the familiar Coaching faces from last season are returning. Additionally, we welcome from years prior Coach Sanae Oyama, and newcomer Brehima Diallo.

Spots are still available in our 15-week Session I Jr. Program. You may also secure your spot in our Adult Flexible Program by paying in full and avoiding the mad rush next week. Please contact programmer@yonkerstennis.com for more info and to register.

The *office will re-open on Wednesday, September 8th*. Our staff is refreshed and eager to answer your questions, book an orientation (if you're new to our program) and reserve your open court or private lesson time. Please refer to our website www.yonkerstennis.com for office hours as well as specific seasonal start, off and end dates.

Speaking of staff...if you have an outgoing personality, are computer savvy, can multi-task, and provide excellent customer service in a fun tennis environment, we are looking for you! Come join our *YTC family as a front desk associate*. Covid-19 vaccination required. Kindly forward your resume and interest to kgalante@yonkerstennis.com for further details.

We survived an unprecedented season last year, and if we continue to work together, this season will be even more of a success! We look forward to welcoming everyone back in just a few short weeks. In the meantime, keep up with tennis in NY by watching the US OPEN. Check out this tweener from Day 1 https://www.espn.com/video/clip/_id/32116930 Thank you for your support and making YTC...*Your Tennis Home!* Stay Safe and Vaxx-Up!

Best,

Kathy Galante
General Manager
